### CONSOLATION.

T. M. Lee and wife visited Andy Blankenship and wife Sunday.

George Oldfield, one of our master farmers, is harvesting a field of very fine wheat.

Dan Davidson, of Daysboro, passed through here Saturday en route for Hazel Green.

Jim Bush and wife visited their son-in-law, Will Havens, and family, on Fills branch, Sunday.

John Oldfield is continuing his calls on the Nickell fork. He is happiness personified of late.

George Dyer and family, of the Tyler branch, were visiting William Blankenship and wife Sunday.

Luther Oldfield and Rodney Gillespie, two of our would-be wooders, attended church at Daysboro Sunday.

Jim Young, of Gillmore, who has been visiting among friends at Exel, passed through here en route home Sunday.

Coon Arnett, of Hazel Green, was delightfully entertained by his best (?) girl, Miss Lucy Gillespie, Sunday.

Troy Jordan was on the Murphy fork Sunday and took up the meeting, and came home with the blues. What's wrong, Troy?

Aunt Nancy Swango, of Swango Spring, who has been visiting the family of Ed Cecil for a few days, returned home Sunday.

Mrs. Frank Elam and son, Melva, are visiting the former's parents, Rev. C. W. L. Pugh and wife, near Jackson. They will be gone for an indefinite length of time.

Some of our boys attended the meeting on the Murphy fork Saturday night and Sunday. They report a fair-sized crowd and excellent sermons, Rev. Doc Stamper and Bro. Rasmick being the gospel expounders.

Rev. Johnny Barker, the widely-known preacher of the Stillwater neighborhood, will preach at our schoolhouse next Sunday. We would be pleased to see a large crowd attend as Mr. Barker is a very fluent speaker and worthy of being heard. To promote the cause of religion, morals and the good of our community in general we would be delighted if our citizens would get interested and organize a Sunday school. Fathers and mothers, which do you consider the best, to plan for the up-building of your children or allow them to gad around incessantly?

June 27. SNOOKUMS.

### Maryelous Discoveries

mark the wonderful progress of the age. Air flights on heavy machines, telegrams without wires, terrible war inventions to kill men, and that wonder of wonders—Dr. King's New Discovery—to save life when threatened by coughs, colds, la grippe, asthma, croup, bronchitis, hemorrhages, hay fever and whooping coughs or lung trouble. For all bronchial affections it has no equal. It relieves instantly. It's the surest cure. James M. Black, of Asheville, N. C., R. R. No. 4, writes it cured him of an obstinate cough after all other remedies failed. 50c and \$1.00. A trial bottle free. Guaranteed by all dealers.

### ELAMTON.

Mrs. Myrta Elam is on the sick list.

Mrs. John Fyffe is very low with consumption.

Watt Cox, of West Liberty, is at the point of death with measles.

The little daughter of John Wright is very ill at this writing.

R. M. Smith passed through en route to West Liberty Wednesday.

Miss Ester Elam was a guest of Frank Elam and family Wednesday night.

Bob Romans and family were guests of A. J. Black and wife Saturday and Sunday.

Miss Minnie Elam was a guest

of Misses Ida Pelfry and Easter Elam Saturday night.

Mrs. Addie Haney and little son are visiting her brother, W. T. Lewis, on War creek.

Mrs. Kate Lowe, Mordica,\* has been visiting her mother, Mrs. Lizzie Pelfry, on Lacy creek.

M. J. Elam, of War creek, was visiting his daughter, Mrs. John Burchwell, Saturday and Sunday.

As I have just been reading THE HAZEL GREEN HERALD and like it fine, I thought I would write a few lines:

Meedames Susie Pelfry and Dora Williams, of Floress, were visiting their parents Saturday night and Sunday.

Dennie Lowe and Clay Williams, of Goodsey, were visiting friends and relatives on War creek Saturday and Sunday.

A well behaved crowd attended church at War creek Sunday. The services were conducted by Rev. W. L. Gevedon, of Grassy.

June 27. JUNEBUG.

### A Woman's Great Idea

is how to make herself attractive. But, without health, it is hard for her to be lovely in face, form or temper. A weak, sickly woman will be nervous and irritable.

Constipation and kidney poisons show in pimples, blotches, skin eruptions and a wretched complexion. But Electric Bitters always prove a godsend to women who want health, beauty and friends. They regulate stomach, liver and kidneys, purify the blood, give strong nerves, bright eyes, pure breath, smooth, velvety skin, lovely complexion, good health. Try them. 50c at all dealers.

### FILLS BRANCH.

Willie Haven's baby boy is on the sick list with spinal trouble.

Prof. Fugate's singing school is well patronized by the beautiful song birds in this vicinity.

Willie McGuire, of Bonny, rode the Masonic goat for the first time at a meeting of the Masons at the chapel Saturday night.

Lost, strayed or stolen—one dark iron gray lady's skirt. For further particulars call on or address Henry or Clay Murphy.

Deputy sheriff Brown, assisted by a man named Hall, tried to arrest Roscoe Caskey for felony. He resisted at once and one of the officers had to shoot, killing him instantly.

Sam Wilson has just finished the painting on Kelse Couch's residence. Sam was at his best on this job with his apple green body and white trimming. It will bear inspection by the most critical eye. Sam goes to Toliver next.

Kelse Couch informed the writer that he attended the meeting held on Murphy fork Sunday and that he saw Evangelist John Murphy wash Rev. Green Brown's feet. Surely this was a manifestation of great love. One thing about John is, he never lets politics or religion interfere with his church work.

June 27. POET.

"It cured me," or "It saved the life of my child," are the expressions you hear every day about Chamberlain's Colic, Cholera and Diarrhoea Remedy. This is true the world over where this valuable remedy has been introduced. No other medicine in use for diarrhoea or bowel complaints has received such general approval. The secret of the success of Chamberlain's Colic, Cholera and Diarrhoea Remedy is that it cures. Sold by all dealers.

### GILLMORE.

E. B. Little is somewhat better at this writing.

E. J. CREECH, Surveyor  
J. FRANK SAMPLE, Coroner

The first passenger airship to be inaugurated was put into service last week by Count Zeppelin, in Germany, which flew a distance of 300 miles in nine hours, and carried 20 passengers.

State Superintendent Sehon, of the Kentucky Children's Home Society, warns the public that a woman is going through the state soliciting funds for the home who is not employed by them and has no authority to collect.

Governor Judson Harmon, of Ohio, was last week unanimously nominated to succeed himself. Resolutions were adopted endorsing his administration and also boosting him for the next Democratic candidate for President.

The statehood bill allowing Arizona and New Mexico to become states has become a law and soon two more stars will be added to the flag, which will then number 48. Alaska is the last remaining territory out of which to make states unless by some means Porto Rico, the Philippines and the Hawaiian islands are brought under the constitution.

At a meeting of the Democratic Executive Committee of the Tenth Congressional District, held at Beattyville Mt. Sterling was selected as the place for a general convention to nominate a Democratic candidate for congress and the date was fixed at August 9. County conventions to select delegates to attend the districts convention were set for August 6.

Paris green which had been sprinkled on the vines to kill the bugs is said to have been responsible for the death of three women, which occurred suddenly at Earlington last week. The women were seized with a deathly illness shortly after eating the potatoes, and despite the prompt attention given them, death resulted. Had one can of Merry War or Banner lye been dissolved in sixteen gallons of water and used instead of paris green the bugs would have been killed just the same and the potatoes would not have been poisoned.

## Teachers' Wages.

The weary and care-worn school teacher has been enjoying a few weeks of much needed rest after a term of eight or nine months of tiresome mental and physical labor. Many persons who have had no experience in the teaching line seem to think that any common school teacher whose wages are from \$25 to \$40 per month ought to make an independent fortune in a short time. Let such a one stop and consider what is expected of a teacher. In the first place she is expected to be well dressed at all times, which is no small item of expense. She is expected to buy all the latest books, and subscribe for all the popular educational journals of the day; attend teachers' meetings whenever and wherever held, and to spend from three to five weeks at an institute during her short vacation. All these requirements are attended by no small expense, and the teachers who comply with them will find at the close of the year that they have a very small portion of their earnings to lay up for a "rainy day."

Do not understand by the above assertions that such requirements are useless. But when it has become almost absolutely necessary for a teacher to attend all such meetings as those who have supervision over them shall appoint; it should be also required of the board of education and directors that they pay their teachers such wages as will enable them to attend and have enough of their earnings left to last them until the school term begins again.

## "Fighting the Traffic in Young Girls."

We have just received a copy of the new book of the above title just published by the American Home Supply Co., of Chicago. It should be in every household and read by all young girls who travel alone in search of work. We herewith give a few excerpts from some of the leading journals of the day:

Of all the books of the season, the "War on the White Slave Trade" is the most helpful. The book should be read by every man, woman and child in America.—Cincinnati Enquirer.

Parents with young daughters should read the work and learn the dangers to which a lack of care subjects their innocent and inexperienced girls.—Nashville Banner.

Here is a book that ought to be read by every decent citizen of America until its truths are burned in so deep that nothing but an earthquake of popular sentiment against it will be sufficient to express the nation's indignation.—The Methodist Protestant.

The ministry, although dazed, were finally aroused to an appreciation of the truth. Every minister should possess a copy of the book.—Easton Tribune.

It is a book of records of cases that have come under the personal observation of the men and women who have written the matter contained in it.—Culman's Rural World.

This book gives a complete history of the white slave traffic, the menace of it—suggests means for its suppression.—Galveston News.

## "Uncle Bill" Schooler.

The party referred to in the article below which is taken from the Republican of Washington. C. H. Ohio, was with THE HERALD sometime in the 90s, and the writer is glad to know that he is making good. Several of our older citizens will remember him as a jovial, good humored and accommodating young man.

"Uncle Bill" Schooler, who has been associated with the Record Republican for the past eight months, and who has made a large number of warm friends in this city and county, has accepted a position with the Dunlap Pony company, of Greenfield, and took up the work yesterday. While his work will carry him over several states, he will not consider the proposition unless he could make this city his headquarters, and he will be back here at least once each week. "Uncle Bill" has made good while with the Record, and is the kind of a man, who, if set adrift in a canoe in mid-ocean, would next be found in some fair land, with a smile upon his face."

## Keep Your Grit.

Hang on! Cling on! No matter what they say.  
Push on! Sing on! Things will come your way.  
Sitting down and whining never helps a bit.  
Best way to get there is by keeping up your grit.  
Don't give up hoping when the ship goes down.  
Grab a spar or something—just refuse to drown.  
Don't think you're dying just because you're hit.  
Smile in face of danger and hang to your grit.  
Folks die too easy—they sort of fade away.  
Make a little error, and give up in dismay.  
Kind of man that's needed is the man with ready wit.  
To laugh at pain and trouble and keep his grit.

## To the Good People of Wolfe County.

I am sure that if you knew how many little orphan children are in the Orphans' Home at Clay City, you certainly would help us feed and clothe them. They are your own neighbors and the children of your friends. There is not a finer lot of children in Kentucky, but they were homeless and penniless. They have no means of support except the gifts of good people. There are between 20 and 30 in the home, entirely dependent upon charity for their daily bread. The home itself was the gift of two noble women of the south and is supported almost entirely by people at a distance. Anything they can eat or wear will be most gratefully received and abundantly rewarded by their heavenly Father. Surely the good people will not let these little ones suffer for want of food and clothing.

Any gifts may be sent to Mrs. Virginia C. Staples, Clay City, Ky., in charge of the Orphans' Home.

## Children Cry FOR FLETCHER'S CASTORIA

Sale of the L. & E.

Every statement seems to confirm the reports that the Lexington and Eastern has been sold to the L. & N. A dispatch from Whitesburg says:

"A survey of the Lexington and Eastern railroad, recently taken over by the Louisville and Nashville, is being made through this, Letcher county, entering the county at Cornettsville and passing up the north fork of Kentucky river, by this city, and on into the great Elkhorn coal field.

It is expected that this road will also be extended on into Virginia to form a connection with one or more of the lines entering that section. F. D. Buskirk, who is at the head of the engineering corps, is here and states that actual construction work will be begun immediately. This road will tap one of the richest coal and timber districts in Eastern Kentucky."

## Come In and Settle Up.

As Mr. C. F. Kash, of the firm of Kash, Johnson & Kash, will withdraw from the firm at an early date, it is absolutely imperative that all accounts must be settled up at once. This is to notify all who are indebted to said firm to come in and settle by note or account as they must be settled within the next 30 days. Meantime goods will be sold cheaper than ever to let Mr. Kash out and if you want bargains now is your chance. Respectfully,  
KASH, JOHNSON & KASH.

## Women as Well as Men are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers who found Swamp-Root to be just the remedy needed. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

## A BARGAIN IN BUSINESS.

DESIRING to change location two of the firm of Kash, Johnson & Kash are determined to withdraw, even though they sacrifice the stock. It is the opportunity for people who need goods, as everything will be sold at less profit than any other merchant in Eastern Kentucky can afford. HIT NOW, WHILE THE IRON IS HOT!

Preferably, however, we will sell the entire stock, invoiced, house and fixtures at a great sacrifice.

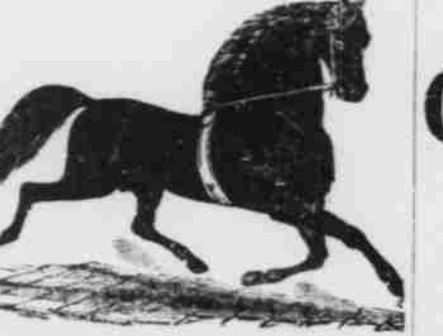

This is the opportunity of a lifetime for any one who wishes to engage in the mercantile trade, as our health will not permit us to continue. Being on the corner of Main and Broadway it is the most desirable location in Hazel Green, for YOU CATCH TRADE "GWINN AN' ACOMIN'." It is on the spot where once stood the old Pieratt Hotel, a celebrated hostelry in its day, famous all over Eastern Kentucky.

We want to sell in bulk, and if you'll meet us half way we can make a dicker. Respectfully yours,  
KASH, JOHNSON & KASH.

## FARM FOR SALE.

Farm of 200 acres, more or less, lying on the waters of Lacy creek, known as the Cruey farm. All fenced and cross-fenced. Some good timber, and nearly all cleared land in grass. Large orchard; everlasting, fine water; 5-room dwelling house, halls and porches, also tenant house. For the next thirty days this farm will be offered at a bargain. Possession given January 1, 1910. For further particulars address ELLSWORTH LACY, R. R. No. 1, Rardin, Ill.

## SELIM.

This finely bred combined harness and saddle stallion will make the season of 1910 at my barn in Daysboro, at the low price of \$5 TO INSURE LIVING COLT.

Money due when the mare proves in foal, or bred to another horse or jack, or traded away, and a lien on the colt will be retained to secure service money.

SELIM is a dark chestnut sorrel, 16 hands 3 inches high, with white stockings on hind feet. He is 7 years old this spring. He was sired by Pat Washington, a celebrated saddle stallion of Fayette county, and out of a mare by Golden Chief, combined horse.

## DEMPSEY.

This fine young jack will make the season at the same barn at

\$5 TO INSURE A LIVING COLT,

on same conditions as those of the horse. DEMPSEY is a red sorrel, 14 hands 3 inches high, 4 years old August coming. He is out of a Black Mammoth Jennet, and by Sam Brown's Red Dempsey. Breeders who have seen him pronounce him a model jack. All possible care taken to prevent accidents, but I will not be responsible should any occur. W. C. SEBASTIAN.

## Our New Hair Vigor

Ayer's Hair Vigor was good, the best that was made. But Ayer's Hair Vigor, new improved formula, is better. It is the one great specific for falling hair. A new preparation in every way. New bottle. New contents. Ask your druggist to show it to you, "the new kind."

Does not change the color of the hair.

Formula with each bottle. Show it to your doctor. Ask him about it, then do as he says.

As we now make our new Hair Vigor it does not have the slightest effect upon the color of the hair. You may use it freely and for any length of time without fear of changing the color. Stops falling hair. Cures dandruff.

Made by the J. C. Ayer Co., Lowell, Mass.

## THE HERALD.

J. H. O'Rear, bookkeeper for Floyd Day-Swann Co., Clay City, is here straightening up the books for J. T. Day's general store.

J. T. Day's ice cream and soda parlor will be open every Wednesday and Saturday after this week. But will be open Friday of this week.

Don't forget the auction of Mapel & Troy's millinery stock Saturday, July 2. Ladies who desire the latest fashions will do well to attend.

A wreck on the O. & K. road just above Lee City delayed the passenger train several hours Tuesday and caused us to miss all newspaper mail coming from below.

Dr. C. Hood Williams left yesterday for Jackson, where he will practice his profession for a short time, and may locate there permanently again. We will have more to say of him next week.

The public sale of the personal effects of Preston Trimble, deceased, will be held Saturday, July 9, and many rare pieces of antique furniture, dishes, etc., will be offered. Curio buyers should be sure to attend.

Doc Farris and wife, of Flemingsburg, are stopping at the Swan-go House. They are a newly married couple, having united in matrimony Thursday morning, and started for this place immediately after the ceremony.

Mrs. Robert Cecil and Miss Nancy Sample, who attended the district conference at Grassy Lick and the Epworth League at Mt. Sterling, were delighted with their trip and have been singing psalms of praise for the people of both places since their return. Indeed, they sum up their outing in these words, "It was simply delightful."

Willie Taulbee eloped with Miss Nannie Barker, daughter of John Barker and wife, of Lacy creek, Monday night, June 20, and they were married on Rose fork the next day, if we have the story correct. He had asked her parents for her on several occasions and finding that they would not give her up he took possession any how. She was about 20 years of age.

The Christian Endeavor and Epworth League have combined their meetings for the summer. They will meet at the Methodist church on the first and third Sundays and on the second and fourth at the Christian church. Next Sunday evening they will meet at the Methodist church, the subject being "Christian Citizenship." Miss Nancy Sample will be the leader.

Henry Vancleave eloped with Mollie Nickell, the only daughter of Nelse Nickell, near town, on Saturday afternoon last, and the presumption is that they were married Sunday night. Vancleave took her among his relatives in Breathitt and up to mid afternoon Sunday they had not been married. Bert and Rainey, her brothers, pursued the couple, but did not come across them, missing them at one point about 200 yards.

### A Lucky Young Man.

Grover Sebastian, a son of our fellow county man, Jim Henry Sebastian, has had his lines fall in pleasant places. About a year ago he joined the army as a private, of course, and subsequently finding that he had certain scholarly attainments he was made regimental clerk. He filled the latter position so well that his superior officers investigated his scholarly attainments, and finding them sufficient for duties demanded, the proposition was made to him that he would be released from the army provided he would go to the Philippines as a teacher. He was guaranteed \$1,800 a year and traveling expenses to and from our foreign possessions, provided he would stay two years. He accepted the job and is probably in Manila now. At any rate, his father last week had a letter from him dated just a month prior, in which he said he was then at Tokio, where he would spend the day, and then go to Hong Kong, China. He will not be a teacher in fact, but superintend several teachers. His father was fearful that the treachery of the Filipinos might cause his death, but "Our Man About Town" reminded him that lots of our people escaped during the Civil war when death stared them in the face, and in many other cases. Grover taught in Magoffin county for two years, where he was quite a favorite as a teacher, and if he comes out o. k. in this venture he will have seen the world at the expense of Uncle Sam, live easy meantime and have a lot of the main arteries of life, which is vulgarly termed "Spauldix." He is, therefore, quite lucky, we think.

### Who Will Teach.

The following is a list of the teachers appointed Saturday last, together with the schools assigned them in this Division No. 2, viz: Sub-Div. No. 1—Daysboro, Calloway Sebastian. Sub-Div. No. 2—Rose Chapel, Miss Joann Rose. Sub-Div. No. 3—Johnson school, Miss Rosa Lee Perkins. Sub-Div. No. 4—Hazel Green, Lenix Swango. Sub-Div. No. 5—Public Square, Elmer Barker. Sub-Div. No. 6—Sandfield, Miss Nora Stamper. Sub-Div. No. 7—Big Branch, Mrs. Lenix Swango. Sub-Div. No. 8—Clifty, Roy Kash. Dis. A, Colored—Daysboro, Prof. M. B. T. Adams.

### Were Well Pounded.

Bro. Willoughby and wife were greatly surprised Monday evening when about fifty of their friends came trooping in, each carrying a package which they deposited in the hallway before entering. It proved to be a surprise pound party, and lots of good things were stored away in the pantry as a result. The party was very pleasantly entertained for an hour or so. The people of Hazel Green should feel proud of having such estimable people as Bro. Willoughby and wife in their midst, and we think they do whether or not they express it in poundings.

The excursion to Niagara Falls projected and managed by Everett Back will be one of the most enjoyable outings of the summer. Prof. Patton and wife; Carl Mize and wife and Jesse Kash are booked to go from here and ere the time comes to leave there will be quite a crowd from this place. All who have the means should avail of the opportunity to see the greatest of America's natural curiosities, and that is the great cataract at Niagara. When you have all the extras thrown in at a cost less than the regular railroad fare it looks foolish not to take in the trip.

### Disastrous Flood in Licking.

A flood-tide in Licking river Sunday night carried away five houses and drowned six persons. Monday morning a house floated by Salyersville from some point above and three people, supposed to be man, wife and child, were clinging to the top of the roof. Roe Ferguson, the mail contractor between this point and West Liberty, brings us the above news, and says a telephone message from Salyersville Friday stated that five houses were afloat between Salyersville and West Liberty and to be on the lookout for the three people on one of the houses, as they had not been rescued so far as known. The water in Salyersville was about 15 to 30 feet in depth, and the loss of property, when ascertained will be considerable. Miss Mabel May came from Cannel City yesterday and says it was reported that 14 dead bodies had been found on one bank of the river below Salyersville. The cause of the flood was a cloud burst some miles above Salyersville, and the water came down the stream at a terrific speed. The damage may prove very large and the death rate even greater than reported.

Henry Pieratt, formerly of our town and ex-president of our bank, is in town for this week attending to some delayed business and shaking hands with old friends. He says his son, Herald, named in honor of our paper, is growing so that Madison county has no pole with which to measure him. He was 6 feet 5 inches at last accounts; Tom is a bigger man than his papa; Bruce is a bruiser, and each has in two acres of tobacco. Mrs. Pieratt and Mary are in fine health. Mr. and Mrs. Combs are in usual good health, but Mr. Combs has to stay in the house on account of his eyes.

The notice in this paper last week citing the fact that Frank Johnson had been offered \$1,000 for his chances on the oil well should have appeared minus the dollar mark, as the 1,000 referred to the amount of tiling Mr. Fetterly was willing to risk on the venture. It was intended to put people to talking, but "the intelligent compositor" knocked our little joke into smithereens. But all jokes aside we believe Mr. Johnson will come into his own when the well shall have been completed. Faith only leads us to the conclusion, but you can paste this in your hat and then watch results.

The following have registered at the Day House since our last report: S. C. and J. P. Alexander and Samuel Ross, Daysboro; G. B. Stamper and E. F. Stamper, Campton; John D. and Stevie Rose, Lexie; Paria Rose and W. C. Sebastian, Daysboro; J. O. Perkins, Alex Shockey, Hoy Childers and Ellis Johnson, Hazel Green; Rollie Clark, Toliver; Taylor Taulbee, representing Lexington Dry Goods Co.; Boone Tyra, Stillwater; ex-Superintendent of Schools Wm. Chambers and daughter, and Rosa Lee Perkins.

The next examination for a certificate to practice medicine in this state will be held at the Armory, Louisville, Tuesday, Wednesday and Thursday, July 5th, 6th and 7th. This examination will include every sect who desire to practice the healing art in any of its branches, and is designed to protect the people from ignorance and incompetency in the treatment of disease.

### Need a Sewing Machine?

We have opened a store near the Commercial Bank and are prepared to supply the public with Singer sewing machines on the most liberal terms. We will always have a full assortment of attachments. Why buy a sorry machine when you can get the best at the same price? We cordially invite you to visit us and inspect our method of doing business. Respectfully, C. F. LYKINS & BURNS ELAM, West Liberty, Ky.

Monday will be County court day at Campton, and several of our citizens will be there.

### KENTUCKY KERNELS

#### Carefully Collated and Concisely Chronicled.

Counterfeit silver dollars are in circulation in some parts of the state. Look out for them.

The postoffice at Falmouth was broken into and robbed of a small amount of money one night last week.

Wheat harvest is on in many sections of the state and the grain is in better condition than for many years.

McCracken county will spend \$13,000 this year in the improvement of public roads. How about Wolfe county?

It has been so dry in some sections of Grant county that farmers have been hauling water to make a tobacco season.

The body of Mrs. Charles Wessel, who suddenly disappeared from Ashland last February, was found in a badly decomposed condition in the Ohio river last week.

In a raid by government officials in Owsley county, recently, two moonshine stills were captured, one being a very large one. The officers failed to locate the owners.

In the Stoops neighborhood, of Bath county, a severe hail storm last week nearly ruined the young corn and tobacco and killed young turkeys and chickens in great numbers.

Farmers along the Licking river thru Nicholas county were compelled last week to replant their corn and tobacco, which had been destroyed by high waters in the low lands.

The jury in the case of Frank and Fred Prather, charged with the killing of Grant Stamper, which was tried at Grayson last week, disagreed and the trial goes over to the October term.

The colored laborers, including farm hands and cooks, struck for higher wages in Boyle county. The employers refused the request and a dozen or more colored families have moved to Cincinnati.

What is believed to be the largest lemon ever grown in Kentucky was one by a Lexington woman. It weighs 25 ounces, is 14 1/2 inches in circumference one way and 13 inches the other way.

Sherman Caudill, aged 29, was drowned in Clay Lick branch, in Greenup county, last week. His home was in Magoffin county and he had been working on a farm near the scene of the accident.

Stringent rules have been adopted by the state department of education to prevent the sale of examination questions, and it has been held that if any teacher fails to attend the full session of a county institute that teacher's certificate shall be revoked.

The lighting plant of the Christian church at Cadiz exploded just before service began one night last week. The interior of the church was made a wreck and the large organ demolished. About 50 persons were in the congregation at the time, but none were seriously injured.

It is reported from Williamsburg that Rev. Robert Vanover was killed in the Rock Creek Baptist church, in Whitley county, by the Rev. Isaac Perry. The reports are conflicting as to the cause of the trouble. It seems, however, that Vanover was up for trial on his own appeal from the former action of the church deposing him, and during the trial the difficulty arose which resulted in Vanover's throat being cut by the Rev. Isaac Perry.

The Court of Appeals has affirmed the judgment of the Logan Circuit court in which the court says that the County Board of Education has the power and authority to use all of the money levied and collected for school purposes in the county and may use its discretion as to how the money shall be spent. It was also decided that the county court has no discretion in levying tax asked for the County Board of Education, providing the tax called for shall not exceed the 20 cents on the hundred dollars, which is the maximum under the present law.

The mystery surrounding the discovery of the old box with gold coins in the Dix river recently near King's Mill, in Boyle county, has been solved. E. Flaig, one of the oldest citizens of Danville, states that prior to the Civil war that section of Kentucky was infested with bank robbers, and that a bank in Nicholasville was robbed at the time and the robbers tracked by a posse to the Dix river cliffs, where the trail was lost. In later years a member of the gang on his death bed in Lexington, confessed to the act and stated that a box of coins secured were dropped in the waters of Dix river at King's Mill. Several searches were made since that time, but to no avail. The box found last week by Geo. Kellar at that point contained several gold coins, and it is quite evident that the bed of the stream is the resting place of many more shining shelds.

## Don't Use a Scarecrow

### To Drive Away the Mail Order Wolf

You can drive him out quickly if you use the mail order houses' own weapon—advertising. Mail order concerns are spending thousands of dollars every week in order to get trade from the home merchants. Do you think for a minute they would keep it up if they didn't get the business? Don't take it for granted that every one within a radius of a mile knows what you have to sell, and what your prices are. Nine times out of ten your prices are lower, but the customer is influenced by the up-to-date advertising of the mail order house. Every article you advertise should be described and priced. You must tell your story in an interesting way, and when you want to reach the buyers of this community use the columns of this paper.

**TOLEDO BLADE,**  
TOLEDO, OHIO.  
The Best Known Newspaper  
in the United States.  
CIRCULATION - - - 200,000  
Popular in Every State.

The seventy-fourth year of its existence finds the Toledo Blade more popular than at any period of its remarkable career. It is now read each week by more than a million people. Its field is not circumscribed by State boundaries, but involves the length and breadth of the United States, giving it an unquestionable right of claiming to be the greatest national weekly newspaper in the country.

The Weekly Blade is distinctly a family newspaper. The one object of its publishers has always been to make it fit for the American home, for the fireside, and of interest to every member of the family. To fulfill this purpose it is kept clean and wholesome. The news of the world is handled in a comprehensive manner, and the various departments of The Blade are edited with painstaking care. The Household page is a delight to the women and children; current affairs are treated editorially without prejudice; the serial stories are selected with the idea of pleasing the greatest number of fiction lovers; the Question Bureau is a scrapbook of information; the Farmstead columns are conducted with the purpose of giving the patron a medium for the exchange of ideas and information on farm topics. No department is neglected, but every feature is taken care of with the idea of making The Blade worth many times the price of subscription—one dollar a year. Sample copies mailed free. Address,

Resume where it was when it stopped.  
The signs shall come down in the timber,  
And the patents shall tie up the coal.  
The law will get flabby and limber,  
And the trusts will do well on the whole.  
It always turns out in that manner,  
Although we may blush to confess it,  
And we do not regard it a banner  
Achievement, exactly, to guess it.

July is a tribute to Caesar. One day, with some other insurgents, he talked by the Pillar of Pompey on things of political urgency. He was just on the point of explaining the key to some government riddle when a party of regulars jumped him and cut him in two in the middle.

There were Decius Brutus, the speaker, and Cassius, boss of the Senate, together with others insistent upon some political tenet. "The party forever!" they shouted, and what with that terrible slasher Servilius Casca great Caesar as well had been run through a hasher.

At any rate, Antony found him cut up into fodder for fishes, and begged this request of the Romans, who granted the least of his wishes. And thus it has happened and shall be so long as the Tiber runs by the Pillar of Pompey that Caesar shall live in the name of July.

The Fourth shall return to discover us waiting in battle array, And what with one thing and another regretting we won, anyway. The cannon shall boom, and the scramble For things on the medicine shelves Shall warn inexperienced countries Aspiring to freedom themselves.

The dynamite cap and the rocket shall remind us of tyranny thwarted, and the valiant forefather shall turn in his coffin to see what he started. The eagle shall mount on his pinions and circle the North and the South, and the rapid-fire orator stand on the platform and shoot off his mouth.

The latter, however, is harmless in a strict pathological way, but remains notwithstanding an evil we must in due season ally. Alas, how deficient is nature that might lay this pest on the shelf with ruling that shooting his mouth off he gave the lockjaw to himself.

This totanus, we are quite certain, has good and defensible uses, and all of its manifestations thus far have been only abuses. The idea, as we regard it, is not that it should be the cause of any more serious matter than locking the orator's jaws.

You know that we never hear of it except on the Fourth of July, and whenever some innocent gets it we forever are wondering why. Well, this is the fact of the matter, and by Jove, we are willing to bet it turns out in the long run that no one but a lot of old wind-jammers get it.

However, be that as it may be, And get whom the totanus will, The jubilant youth of the nation Will resume with its shooting to kill. The safe and the sane celebration Will suit us who are not so skittish, But the youngsters have got to do something To show what we did to the British.

There never was anything safe in the way the forefathers attacked them, and as for the saner attainments, the old fellows seem to have lacked them. They simply cast fear to the bowwows and waded into the affray, and a boy does not think himself worthy if he can't shoot himself, anyway.

At any rate, Jeffries and Johnson will growl like a couple of poodles and observe independence with beating the hair off their mutual noodles. They'll alternate making the other leviathan howl for his mother, and if the country at random is lucky they'll manage to kill one another.

It's only a plan to make money, deserving the strictest of strictures, for what they will have is a race war, dividing what's made on the pictures. We've been pretty mad in this country for dollar, and power, and places, but this is the first time we've trafficked upon the abyss between races.

Had they flown over Sagamore Hill. But not every man can be Caesar, as someone has stated, alas! and in the due course of the matter somebody must lie in the grass. It's hard on a strenuous nation, afflicting us all in a way, but we'll look on the brighter side of it, and conclude it is good for the hay.

However, Time flies is a proverb, And one day, his foot on his gong And his engine back-pedaling, August Will come scurrying along.

**A Timely Warning About Flies.**  
In every town and locality in the state many people have failed to heed the numerous warnings that have been issued against flies. Attention has been called to the fact that they are one of the most dangerous menaces to life and health with which mankind has to contend, being responsible for a large proportion of all cases of typhoid fever and diarrheal diseases of infants and many cases of tuberculosis and other contagious diseases.

They have caused thousands of deaths in Kentucky and will continue their work of destruction until housekeepers awaken to the fact and inaugurate a warfare that will result in their extermination. This can be accomplished definitely and effectively. It requires only THE REMOVAL OF FILTH. FLIES BREED IN FILTH and in filth alone. Without filth there can be no flies. More than 90% of them breed in stable manure and the balance in garbage, out-houses and other forms of refuse.

The fly season is at hand. Prompt action at this time may prevent many deaths during the summer and fall and a grave responsibility rests upon all health officers and other citizens.

An immediate and thorough cleaning of premises should be effected and further accumulations of filth avoided. Stable manure should be kept in vaults or boxes screened or covered or frequently sprinkled with lime or kerosene and should be removed at least once a week.

Garbage receptacles should be carefully covered and the contents sprinkled with unslaked lime or oil.

Privy vaults should be made fly-proof and their contents frequently sprinkled with lime.

In addition to the measures for the prevention of the breeding of flies every effort should be made to prevent them from entering the house or having access to milk or other foods.

All doors and windows especially those of the kitchen and dining room should be screened.

Food exposed for sale should be screened and ordinances to this effect should be enacted and enforced.

Flies should be especially kept away from the sick and if one is discovered in the sick room it should be killed. Excreta and urine from the sick should be covered with fresh lime for an hour and then buried.

People who have cleaned their own premises should demand that their neighbors should do likewise and notify the Board of Health of any failures or refusals. It is important to remember that no house is safe unless every other one for a mile around is clean. This applies especially to tenant's houses and negro quarters.

The saving of life and suffering will amply repay for all the trouble and expenses. **EITHER MAN MUST KILL THE FLY OR THE FLY WILL KILL THE MAN.** (From the State Board of Health of Kentucky.)
